

VIII of the National Energy Conservation Policy Act (42 U.S.C. 8287 et seq.), the Secretary may use the energy cost savings realized by the United States during the first five years under any such contract in the manner provided in subsection (b). The amount of savings available for use under subsection (b) shall be determined as provided in subsection (c) and shall remain available for obligation until expended.

“(b) AUTHORIZED USES OF SAVINGS.—The energy cost savings realized by the United States in each of the first five years under a contract may be used as follows:

“(1) One-half of the amount of such savings may be used for the acquisition of energy conserving measures for military installations, and such measures may be in addition to any such energy conserving measures acquired for military installations under contracts entered into under title VIII of the National Energy Conservation Policy Act.

“(2) One-half of the amount of such savings may be used for any morale, welfare, or recreation facility or service that is normally provided with appropriated funds, or for any minor military construction project (as defined in section 2805(a) of title 10, United States Code), that will enhance the quality of life of members of the Armed Forces at the military installation at which the energy cost savings were realized.

“(c) DETERMINATION OF AMOUNT OF SAVINGS.—Not more than 90 days after the end of each of the first five years during which energy savings measures have been in operation under a contract entered into by the Secretary of a military department under title VIII of the National Energy Conservation Policy Act, the Secretary of the military department concerned shall determine the amount of energy cost savings realized by the United States under the terms of the contract during that year by reason of the energy savings measures acquired and installed at that installation pursuant to that contract.”

§ 8287a. Payment of costs

Any amount paid by a Federal agency pursuant to any contract entered into under this subchapter may be paid only from funds appropriated or otherwise made available to the agency for fiscal year 1986 or any fiscal year thereafter for the payment of energy expenses (and related operation and maintenance expenses).

§ 8287b. Reports

Each Federal agency shall periodically furnish the Secretary of Energy with full and complete information on its activities under this subchapter, and the Secretary shall include in the report submitted to Congress under section 8260¹ of this title a description of the progress made by each Federal agency in—

- (1) including the authority provided by this subchapter in its contracting practices; and
- (2) achieving energy savings under contracts entered into under this subchapter.

§ 8287c. Definitions

For purposes of this subchapter, the following definitions apply:

(1) The term “Federal agency” means an agency defined in section 551(1) of title 5.

(2) The term “energy savings” means a reduction in the cost of energy, from a base cost established through a methodology set forth in the contract, utilized in an existing federally owned building or buildings or other federally owned facilities as a result of—

(A) the lease or purchase of operating equipment, improvements, altered operation and maintenance, or technical services; or

(B) the increased efficient use of existing energy sources by cogeneration or heat recovery, excluding any cogeneration process for other than a federally owned building or buildings or other federally owned facilities.

(3) The terms “energy savings contract” and “energy savings performance contract” mean a contract which provides for the performance of services for the design, acquisition, installation, testing, operation, and, where appropriate, maintenance and repair, of an identified energy conservation measure or series of measures at one or more locations. Such contracts—

(A) may provide for appropriate software licensing agreements; and

(B) shall, with respect to an agency facility that is a public building as such term is defined in section 612(1) of title 40, be in compliance with the prospectus requirements and procedures of section 606 of title 40.

(4) The term “energy conservation measures” has the meaning given such term in section 8259(4) of this title.
